DNE DEFENCE KIT

Protecting Each Other from “M.A.i.D.”

Do Not Euthanize (DNE) Advance Directive

This legal document protects holders against attempts to have their lives terminated unnaturally through medical intervention. Our Advance Directives are also legally specific for all Canadian provinces and territories and comply with each province’s health regulations.

“MAiD” is Not a Health Care Option Declaration

This Declaration protects you from being spoken to about Medical Assistance in Dying (“MAiD”) as a healthcare option. Make sure that any healthcare provider understands that under no circumstances would you consider euthanasia to be a health care “option”. This declaration is intended to be enforceable and legally binding.

Do Not Euthanize National Registry and Wallet-Sized DNE Card

Each wallet-sized DNE Card has a unique National Registry number, which is registered on our secure National Database. In the event of an emergency, any health care provider can contact us for more information.
